April 2021 - Happy Easter

Hello Spring!

Head to the poolside area on Thursday, April 8 from 12:00pm to 2:00pm for some fun and refreshments. Deborah Cash with Devoted Health is bringing an acoustic guitar player for some great music and singalongs. She will also have people from Total Care that will do blood pressure checks and glucose level checks for anyone interested.

Shaved Ice Event

Deborah Cash will be back again outside our front doors on Tuesday, April 20. This time she's bringing Shaved Ice with her. If you're new to Medicare, she can help you learn all about it. If you're not new, come on down for the shaved ice anyway. She'll be here from 12:00pm to 2:00pm.

We're Walking Again

Monika and friends are attempting a leisurely walk around the area/parking lot to get the old muscles going again – slowly. If you are interested, join them Tuesday & Thursday evenings in the lobby at 7:00.

Let's do this, we have been mostly inactive and inside for too long.

Heroes & Saints

by Felix Adler

The Hero is one who lights torches
In the dark streets of life.

The Saint walks the dark streets
Of life, himself a light.

Knit Cro Pro Club

by Dorothy Jones

Many thanks to Mike Goodwin who donated 2 shopping bags of yarn, many knitting needles, crochet hooks, buttons, pin cushions, sewing accessories, fabric, etc. It is very much appreciated. Thanks also to Bill Bocook who donated a large container of buttons and sewing tools.

Malvina White donated 7 hats; Grace Winter donated 5 scarves and a large skein of yarn; Leisla Sansom, 1 hat; Fred Hoener, 9 hats, 2 scarves and a hat/cowl set; Sherry Jones, 1 hat and Margaret Clayton, 2 hats and knitting needles. Phew!

So many wonderful donations that “thank you” does not seem to be enough. The club also donated 4 adult/teen blankets and 6 baby/toddler blankets to First Fruits Ministry.

You are welcome to join or visit Tuesdays at 2pm in the snack room on the first floor. Donations of yarn and supplies are always needed and appreciated.

The Birthstone for the Month of April is Diamond

The Diamond is the “King” of gemstones and a “Girl’s best friend” according to Hollywood. This gemstone is Carbon in its purest form, the hardest natural substance known to man, and impervious to any known acid.

The name Diamond comes from the Greek word “Adamas” meaning unconquerable or indestructible.

Diamonds, though beautiful, have many industrial uses as they are poor conductors of electricity, but conduct heat 20 times more than copper.

Diamonds come in every color but are most often valued for their lack of color, the whiter the better. The rarest colors are red and purple.
